

The figure consists of a 3x4 grid of astronomical plots. Each plot shows a field of stars with several prominent reference points marked by crosses (+ and x). The plots are labeled as follows:

- Row 1: 2321 Equatorial, 2322 Equatorial, 2323 Equatorial, 2324 Equatorial
- Row 2: 2325 Equatorial, 2326 Equatorial, 2327 Equatorial, 2328 Equatorial
- Row 3: 2329 Equatorial, 2330 Equatorial, 2331 Equatorial

The plots illustrate the spatial distribution of stars in the equatorial region across different fields.
